

**Yes it's true. Small business
IT solutions made to order...**

**And we're actually going to give
you the hardware!**

IT BUILD

Grow your business without the IT growth-pains
Accelerate productivity with substantially lower TCO
Choose services & enjoy predictable IT support costs
Thrive on secure, current IT and grow without risk
Exceptionally convenient and completely secure
Centralize & stabilize your business critical information
Safeguard with real-time security, storage & back-up

Believe it. IT Build is a made-to-order solution without the big ticket pricing normally associated with customization.

As part of a regular, pre-paid monthly program, you'll receive brand new, state-of-the-art IBM® equipment running Microsoft® Small Business Server software; custom designed and built to meet your unique needs, running state-of-the-art applications.

You'll get the server, licensing, off-site back-up and storage, anti-virus, monitoring, maintenance and full support. It's the perfect fusion of hardware, software and hosting so that your business gains momentum, mobility and ultimately more market share.

More for less, it's what small businesses need to gain competitive advantage.

You can have it all... and without having to invest, build, train, manage and support it yourself.

Get it all for your business by calling 1.888.243.1920.
